Item 5. **MUSC Health FY2019 Budget.**

Statement: Ms. Goodlett presented the proposed operating budgets for FY19 as well as the long-range financial plan for MUSC Health, which consists of MUSC Physicians, MUHA and MUSC Strategic Ventures.

As the Health System faces the risks of consolidation (which could impact its market rates with commercial rates) health care reform and pressure of providers; having a long-range strategic and financial plan are critical. Key tenants of the financial stability are for MUHA to have a 3% FASB operating margin and to maintain a threshold of 45.50 days cash on hand.

In FY19 performance, the Health System anticipates the following results:
