The meeting was called to order at 9:30 a.m. by Dr. Stanley Baker, Chairman

A motion was presented and carried to consider item 12 in Executive Session in order to discuss a legal issue

Item 6. MUSC Medical Center Status Report

Mr. Smith reported a decrease in patient days and length of stay and an increase of 3% in admissions. Outpatient visits have increased 5.6%. Both admissions and outpatient visits exceed the projections in the feasibility study.

Interventional cath procedures are down slightly and may be related to the increased use of drug eluting stents which are lowering the rate of restenosis. Growth in other procedures is significantly increased and is greater than projected in the feasibility study.
Mr. Smith also reported that the Medical Center is beginning its efforts on the Hardwiring Excellence initiative in the Medical Center

Action: Report received as information

**Item 7. MUSC Medical Center Financial and Statistical Report**

Ms. Montgomery reported cash of $24 million which is slightly down from this time last year. She attributes this to the fact that the Medical Center has only received $9 million of its $50 million in disproportionate share funds this year. She reported a net income of $14.6 million as compared to $10.9 last year. Current margin is 4.3% as compared to 3.5% in the feasibility study, and 3.7% in the budget.

Action: Received as information

**Item 8. Quality and Safety Report**

Ms. Rosemary Ellis, Director of Quality and Safety updated the Board on the patient access and throughput initiative for the Medical Center. She reported that even with the tremendous growth in admissions and visits, the Medical Center must focus on attaining quality care in a safe environment. In response to increased demand for capacity, MUHA established a Bed Capacity Task Force which has been responsible for numerous improvements which have allowed MUHA to handle the increased flow of patients. The hours on ICU diversion have decreased from 11% in 2004 to 4% in 2005. Medical/Surgical diversion has decreased from 6% in 2004 to 5% in 2005. Average wait time for admission in the adult ED is currently two hours and 45 minutes as compared to 4 hours nationwide. The number of patients held in our ED overnight awaiting a bed is lower than our peers.

Ms. Ellis reported that there is much remaining to do with regard to throughput and patient safety, and that continued focus on our information systems and standardization of processes will help attain some of our future goals in these areas. She emphasized the increasing environment of collaboration and cooperation among our physicians and caregivers in identifying areas for improvement.

MUHA was recently cited as 100% compliant in prescribing aspirin and beta blockers at discharge for patients admitted with AMI. MUHA has just been recognized by the UHC for its quality initiatives and lower than expected mortality rates for heart failure. Both of these areas are improvements which reflect the cooperation of multidisciplinary teams.

Action: Received as information

**Item 9. Report of the Vice President for Medical Affairs and Dean, College of Medicine**
Report presented in Education Committee

Item 10. Report on University Medical Associates

Dr. John Feussner, President of UMA briefed the committee on outreach efforts. Specific areas included recruitment of a pediatric orthopedist, collaboration on neonatology coverage at East Cooper, Surgical Oncology and Breast surgery services at East Cooper and geriatric coverage at the Frankie Home one day a week. UMA is involved in various reform efforts such as the S. C. Medicaid initiative. Other planned outreach initiatives include a Hollings Cancer Center affiliation in Hilton Head and Myrtle Beach.

Dr. Feussner also reported that UMA continues to work on a documentation plan for its nonprofit status. Paul Taylor and Joe Good continue to be involved in this process.

Action: Report received as information

Item 11. Legislative Update

Mr. H. B. Faulkner reported that the budget process is continuing, screening for Board members will be held on Monday, February 13 at 10:30 a.m., and that the Governor’s budget proposes a cut in appropriations of 3%. It is expected that the House version will be less than the 3% cut proposed by the Governor.
