Board Action: It was moved that the Minutes be approved. The motion was seconded, voted on and unanimously carried.

RECOMMENDATIONS AND INFORMATIONAL REPORTS OF THE PRESIDENT

OLD BUSINESS: None.

NEW BUSINESS:

Dr. Greenberg asked Dr. Langdon Hartsock, Chairman of the Department of Orthopedics to introduce Dr. Richard Henry Gross, a tenured professor in
Duke University and has been at MUSC for twenty-two years. He was previously at the University of Oklahoma, Harvard and the University of Florida. During his time at MUSC, he has served with distinction as an orthopaedic surgeon and has received numerous awards for his teaching and service. Dr. Gross provided an overview and update on Pediatric Orthopaedics at the University.

At the conclusion of his presentation, Dr. Donald Johnson asked Dr. Gross what the greatest needs of the pediatric orthopaedic department are. Dr. Gross said, at present, the department is located on the first floor of Rutledge Tower; however, there have been discussions about moving the department to another floor. This move would require the children, many of whom are in wheelchairs, to ride the elevators. He said that is a major concern for him and he requested that the department remain on the first floor.

Dr. Charles Thomas commented that he knows Dr. Gross very well and taught Dr. Johnson and Dr. Thomas. He is a teacher and educator in the finest sense of the word. He is always passionate about what he does and the University could use about 600 more like Dick Gross at the University. He thanked Dr. Gross for his twenty-two years of service to the institution.

Recommendation of Administration: That the reports be received as information.

Board Action: Received as information.

Item 5. Other Business. None.

MEDICAL UNIVERSITY HOSPITAL AUTHORITY OPERATIONS AND FINANCE COMMITTEE.
CHAIRMAN: DR. STANLEY C. BAKER, JR.

OLD BUSINESS: None.

NEW BUSINESS:

Item 6. MUSC Medical Center Status Report.

Statement: Mr. Stuart Smith said the Ashley River Tower (ART) was opened in early February and reported on the three months’ data. The facility opened with 100 beds and now 120 are open. The projections are to have 140 beds open by the end of May. In addition, the main hospital has opened an additional 6 beds in the ICU and 10 in the med surg unit. In October another 23 beds will be added. The hospital is building capacity that has been needed for a long time. Census for the current month is at 520 which is a 5% increase over the previous three quarters reflecting the pent up demand for beds. This is critically important from a financial standpoint as the financial demands of the overhead of a new facility are brought on line.

He reported on the MUSC Excellence Pillars and the progress being made toward meeting the pillar goals. The lead pillar goal is patient satisfaction and he was pleased to report the goal targeted of 75% had been exceeded through a month and a half of the last quarter. He stated that is a result of the new facility and the techniques which continue to be implemented as part of the Studer program.
Recommendation of Administration: That the report be received as information.

Board Action: Received as information.

Item 7. MUSC Medical Center Financial and Statistical Report.

Statement: Ms. Montgomery was pleased to report that through March, the hospital was ahead of budget in terms of its net income. As beds are being opened as quickly as possible comes the staff expense associated with that effort. As a result, it is doubtful that there will be much of a positive variance at year end but it is expected that the Authority will come in on budget which is projected to be about $5 million in net income. The cash position as of the end of March was $22 million or 11 days of operating cash on hand. Ms. Montgomery reminded the Board that the Authority is still owed approximately $10 million from Medicaid as a result of the changed reimbursement methodology. Some reserve accounts remain that hopefully will come back to the Authority by the summer and, hopefully, by the fall the Board will be given a true cost certification for the Ashley River Tower, as HUD requires. There remain some claims that are still being settled and, also by this fall, that will be reported to the Board. The hospital is in good shape and cash is being closely monitored.

Recommendation of Administration: That this report be received as information.

Board Action: Received as information.

Statement: Dr. Baker said there would be no report from Dr. Cawley.

Recommendation of Administration: That this report be received as information.

Board Action: Received as information.

Statement: Dr. Baker asked for a report from Dr. Feussner. Dr. Feussner reported on outreach activity since the meeting in April. The Department of Ophthalmology wishes to collaborate with Dr. Bishop on placing a pediatric ophthalmologist who would see patients 1-2 times per month in Hardeeville. Anticipated net income for the year from the operation would be approximately $60,000. Request as follows:

Department of Ophthalmology Hilton Head/Hardeeville Outreach

- Pediatric Ophthalmologist
  - Dr. Bishop, former MUSC resident, has office capacity & requests onsite pediatric specialist
  - Department is now recruiting a pediatric ophthalmologist
  - Would like to see patients 1-2X/month in Hardeeville
    - Pays $400/day to cover personnel & supply costs
    - All surgeries brought back to MUSC
All patients registered via IDX
• Anticipate $60,000 net income for year one

Recommendation of Administration: That the outreach activity be approved.

Board Action: A motion was made to approve Department of Ophthalmology’s Hilton Head/Hardeeville Outreach initiative. The motion was seconded, voted on and unanimously carried.

Item 10. Legislative Update.

Statement: Mr. Faulkner informed the Board regarding the current status of the ‘09 State budget highlighting the Cigarette Tax, below-the-line funding and the endowed chair funding. Dr. Greenberg commented that the cut to the core University appropriation, which applies to all higher education, is still around 2.5% which translates to $2.5 to $3 million in cuts to the University.

Recommendation of Administration: That this report be received as information.

Board Action: Received as information.

Item 11. Other Committee Business. None.

Item 12. Medical University Hospital Authority Appointments, Reappointments and Delineation of Privileges (consent item).

Statement: Appointments, reappointments and delineation of privileges to the medical staff were presented for approval.

Recommendation of Administration: That the appointments, reappointments and delineation of privileges to the medical staff be approved.

Board Action: It was moved that the appointments, reappointments and delineation of privileges to the medical staff be approved. The motion was seconded, voted on and unanimously carried.

Item 13. Medical Executive Committee Minutes (consent item).
