Conyers O'Bryan, Jr.; Dr. Thomas C. Rowland, Jr.; Mr. Charles W. Schulze; The Honorable Robin M. Tallon; Dr. Charles B. Thomas, Jr.; Emeritus: Mrs. Claudia Peeples. Absent Dr. Stanley C. Baker, Jr.

The following administrative officials were present: Dr. Raymond S. Greenberg, President; Dr. Mark Sothmann, Vice President for Academic Affairs and Provost; Dr. Etta Pisano, Vice President for Medical Affairs, and Dean, College of Medicine; Ms. Lisa Montgomery, Vice President for Finance and Administration; Mr. Stuart Smith, Vice President for Clinical Operations and Executive Director, MUHA; Dr. Frank Clark, Vice President for Information Technology and CIO.

The following deans were present: Dr. Jack Sanders, College of Dental Medicine; Dr. Etta Pisano, College of Medicine; Dr. Philip Hall, College of Pharmacy; Dr. Gail Stuart, College of Nursing, Dr. Perry Halushka, College of Graduate Studies

Item 1. Call to Order-Roll Call.

There being a quorum present, Chairman Stephenson called the meeting to order. Ms. Celeste Jordan called the roll.

Item 2. Secretary to Report Date of Next Meeting.

The date of the next regularly scheduled meeting is Friday, February 10, 2012.

Item 3. Approval of Minutes of the Regular Meeting of the Medical University of South Carolina Board of Trustees of October 21, 2011.

Board Action: It was moved that the Minutes be approved. The motion was seconded, voted on and unanimously carried.

RECOMMENDATIONS AND INFORMATIONAL REPORTS OF THE PRESIDENT.

OLD BUSINESS: None.

NEW BUSINESS:

Dr. Greenberg distributed a list of his activities since the last meeting. He asked Dean Pisano to introduce Dr. Roger Newman. Dr. Newman is Professor and Maas Chair for Reproductive Sciences in the Department of Obstetrics and Gynecology. He is also Vice Chair, Academic Affairs and Women's Health Research. He received his MD from MUSC in 1980; did a residency at MUSC and fellowship at the University of California at San Francisco.
Dr. Newman discussed the topic of premature delivery and its costs and consequences. MUSC has made significant contributions to the reduction of the premature delivery rate in South Carolina and he highlighted some of the contributions MUSC has made.

Dr. Greenberg commented that the type of work they are doing in the state is and can make a tremendous positive difference in healthcare in South Carolina. Dr. Greenberg suggested that the Centers for Medicaid and Medicare services has just announced solicitations for medical innovation grants. They are looking for model programs that can improve quality of care and costs which the program demonstrates. Dr. Lyles will contact Dr. Newman to discuss the possibility of a grant application.

Recommendations of Administration: That the report be received as information.

Board Action: Received as information.

Item 5. Other Business. None.

RESEARCH AND INSTITUTIONAL ADVANCEMENT COMMITTEE. CHAIRMAN: DR. COTESWORTH P. FISHBURNE, JR. (Detailed committee minutes are attached to these minutes).

OLD BUSINESS: None.

NEW BUSINESS:

Statement: Dr. Fishburne reported that Dr. Lanier said we have about $15 million less this year as a result of no stimulus monies; however, total extramural funding continues to increase. The Department of Pharmaceutical Sciences recently received an award in the amount of $10.94 million. This is a major inter-college grant representing a joint effort between the College of Medicine and the South Carolina College of Pharmacy. The USC and MUSC pharmacy campuses are working well together as far as research efforts.

MINUTES

December 8, 2011

Committee Members Present: Dr. Cotesworth P. Fishburne, Jr., (Chair), Dr. Harold W. Jablon, Dr. Thomas C. Rowland, Jr., The Honorable Robin Tallon, Dr. James E. Wiseman, Jr.

Other Trustees Present: Mr. William H. Bingham, Sr., Mr. William B. Hewitt, Dr. Conyers O’Bryan, Jr., Thomas L. Stephenson, Esq.

University Officers and Committee Staff Present: Dr. Phil Costello, Mr. Jim Fisher, Dr. Raymond S. Greenberg, Mr. William C. Hood, Dr. Stephen M. Lanier, Ms. Lisa Montgomery, Mr. Stuart Smith, Dr. Mark Sothmann, Dr. Joann Sullivan

Meeting Time: 1:15 pm-1:30 pm

Regular Agenda

Item 8. General Report of the Associate Provost for Research

Dr. Lanier presented the research activities report. Total FY11-12 extramural research funding for the period ending November 30, 2011 is $99 million. This amount is ~$15 million less than the same time last year; however, when adjusted for ARRA funding, MUSC’s total extramural funding continues to track upward.

Dr. Lanier reported on several research events including a SCBio-SCMedTech Life Sciences Conference held in Charleston, Nov 9-10, 2011 at the Innovation Center with ~150 attendees; a SC-Israel business and research visit from Nov 12-17, 2011 that included ~25 academic, state government and private sector representatives; a Presidential Symposium on Frontiers in Cardiac Regenerative Medicine held Nov 17-18, 2011 at MUSC; and the inaugural SmartState National Conference held in Charleston, Dec 4-6, 2011. Additionally, the Fifth Annual National Conference on Health Disparities took place Nov 30-Dec 3, 2011 in Charleston, SC.

Dr. Lanier reported on two recent awards. A new NIH Center of Biomedical Research Excellence (COBRE) in Oxidants, Redox Balance and Stress Signaling, directed by Kenneth Tew, PhD, in the Department of Pharmacology and Rick Schnellmann, PhD, in the Department of Pharmaceutical Sciences, was awarded with a total amount of $10.94 million. He noted that this is a major inter-college grant, representing a joint effort between the College of Medicine and the South Carolina College of Pharmacy and that the intercollege synergies will be an important area for the university going forward. A new SC Cancer Disparities Research Center was also awarded ($800,000) led by Dr. Marvella Ford in collaboration with USC and SC State University.

Recommendation of Administration: That the report be received as information.

Recommendation of Committee: That the report be received as information.

Board Action:

Item 9. General Report of the Vice President for Development

Mr. Fisher reported that MUSC has received $17.5 million in new gifts and pledges, and that we are expecting an additional $5-$6 million to close prior to year end which places us right on track with last year’s calendar year-end results of $21.7 million.
Mr. Fisher reported on activities with the Duke Endowment. We were approved for a gift of $600,000 designated as continued support of the Carolina eHealth Alliance Program under the direction of Dr. Frank Clark. Two new proposals were submitted in December for $500,000. He also reported that the Helene Fuld Health Trust made a gift of $300,000 to support scholarships for students enrolled in the accelerated BSN program. This gift represents partial payment toward a total gift pledge of $600,000.

Mr. Fisher summarized the agenda for the MUSC Board of Visitors Meeting to be held on December 9. Presentations will be made by Dr. Gail Stuart, Dr. Robert Adams, and Dr. Paul Underwood. There will also be tours of the Simulation Center and Clyburn Research Center. Mr. Fisher invited the members of the Board of Trustees to join the Board of Visitors for lunch at the Gazes Research Center.

Recommendation of Administration: That this report be received as information.
Recommendation of Committee: That this report be received as information.

Board Action:

Item 10. General Report of the CEO of the MUSC Foundation

Mr. Anderson reported on endowment investment returns noting that our year-to-date investments are down by 1%, but our total asset base is up 5% as a result of increased gift activity.

He reported that the Foundation received an Unqualified Opinion and Management letter citing "no material weaknesses" on the FYE 6/30/11 independent audit report.

Mr. Anderson shared concerns about the large fluctuations and uncertainty in the market. The Board is carefully assessing our long/short equity portfolio as well as other investments.

Recommendation of Administration: That this report be received as information.
Recommendation of Committee: That this report be received as information.

Board Action:

Item 11. General Report of the Executive Director of the MUSC Foundation for Research Development

Mr. Hood reported that new invention disclosures are up 20% from last fiscal year, and that the FRD completed the sale of an MUSC startup company, the second sale this year. He also reported that tech transfer income for FY12 will be a record year with ~$2.1 million received by fiscal year end.

Recommendation of Administration: That this report be received as information.
Recommendation of Committee: That this report be received as information.

REGULAR Items

Item 25. **External Audit Report from KPMG.**

Mr. Brad R. Benton, Partner with KPMG Healthcare provided an overview of the results of the 2011 external audit for MUSC as also presented in the material provided to the Board. He stated the Authority received an unqualified opinion. At the conclusion of the presentation, Mr. Hewitt asked if KPMG has experienced any problems with management providing accurate and complete information in a timely manner and the response from Mr. Benton was no. Mr. Hewitt asked if there were any disagreements with management and Mr. Benton said none at all. Mr. Hewitt asked if there were any reason to meet with Mr. Benton without management in the room and Mr. Benton replied no.

**Recommendation of Committee:** That the report be received as information.

Ms. Susan Barnhart had provided a report and there were no questions regarding the report.

**Recommendation of Committee:** Received as information.
Item 27. **Other Committee Business.**

Ms. Melonie Hammond-Trace with Elliot Davis, LLC presented the results of the 2011 external audits for both the MUSC Foundation and the MUSC Foundation for Research Development. She reported both entities had received unqualified opinions.

Respectfully Submitted,

Celeste Jordan
Institutional Commitment to Graduate Medical Education

Medical education is a major component of the mission of the Medical University of South Carolina, the Medical University Hospital Authority and the College of Medicine. The Board of Trustees, the President of MUSC and the administrators, faculty and staff are committed to provide graduate medical education using the financial, educational and personnel resources necessary to ensure the highest quality programs. These graduate medical education programs will further our mission of educating future physicians for the State of South Carolina while providing the highest quality care for our patients. We pledge to emphasize coordinated care with community physicians and to take advantage of cooperative opportunities to work with other institutions to fulfill mutual educational objectives.

We commit ourselves to provide graduate medical education programs that enable physicians in training to develop personal, clinical and professional competence under the guidance and supervision of the faculty and staff. The program directors will assure that patients receive safe, appropriate and humane care by resident physicians who will gradually assume responsibility for patient care based upon each trainee’s demonstrated clinical competence. We further commit to conduct these programs in compliance with the institutional and specific requirements of the ACGME, the JCAHO and in accordance with all applicable federal and state laws and regulations. As a major research institution, MUSC will encourage residents to participate in a wide range of scholarly activities including research and publications.

PROJECT BUDGET ADJUSTMENT

FOR APPROVAL

December 9, 2011

PROJECT TITLE: Harborview Parking Garage Barrier and Pedestrian Rail System Replacement

PROJECT NUMBER: H51-9809

Existing Budget: $650,000
Budget Adjustment: $349,000
New Budget: $999,000

SOURCE(S) OF FUNDS: $635,000 Institution Bonds, $364,000 ICPF

JUSTIFICATION:

This project will replace existing main vertical distribution chilled water piping and associated pumps and valves in Harborview Office Tower.

MECA Engineering, Inc. developed the design and the pre-bid budget estimate. Three competitive construction bids were received on December 1, 2011: $1,198,898, $1,027,417, & $903,413. The differences between the design consultant estimate and the low bid include the cost of materials and equipment, the cost of control equipment, and a calculation error. The design is good, the estimate was in error.

As outlined in the original project approval request, the risers are severely corroded and has been patched in several places. Chilled water pressure was reduced this past summer to keep the system operating, and cooling on many days was inadequate. There is a high risk of a catastrophic failure of these lines unless they can be replaced before the warm weather returns.

We received three competitive bids on December 1, 2011, and with BOT approval, we can award a construction contract within a few weeks which will allow us to complete the work prior to this coming summer.

CHE, JBRC and BCB approval will be given at staff level.

ESTABLISH PROJECT

FOR APPROVAL

December 9, 2011

PROJECT TITLE: Clinical Sciences Building 9th Floor Renovation

PROJECT NUMBER: To Be Determined

TOTAL ESTIMATED BUDGET: $10,100,000

SOURCE(S) OF FUNDS: College of Medicine and Department of Medicine Funds

JUSTIFICATION: This project involves the renovation of approximately 32,700 square feet of existing research lab and office space located on the 9th floor of the Clinical Sciences Building. Since the building was constructed in 1975, no substantial renovation has occurred on this floor. Existing space is very inefficient and ineffective and the research labs are not up to current standards. This project will reconfigure the space allowing for additional offices and research labs for the Department of Medicine. Existing mechanical support systems will also be upgraded to be code compliant.

Funding for this project will come from the College of Medicine and the Department of Medicine.
PROJECT TITLE: Walton Research Building Interior Renovations

PROJECT NUMBER: To Be Determined

TOTAL ESTIMATED BUDGET: $6,300,000

SOURCE(S) OF FUNDS: College of Medicine and Related Departmental Funds

JUSTIFICATION: The Walton Research Building is an eight-story building constructed in 1962. With the exception of a couple of floors, this building has received no substantial renovation since its construction. Over the years, many of the building’s infrastructure systems which were adequate 50 years ago are far from modern standards today and have deteriorated significantly.

Based on a recent code review and feasibility study, the best use for the 2nd, 3rd, 6th and 7th floors of the Walton Research Building is to convert approximately 28,000 square feet of existing lab space to office space. Minor renovations will occur on the first floor to address support system modifications. This project will address code compliant egress, a fire suppression system and upgrades to electrical and mechanical systems.

The new office space will be occupied by departments within the College of Medicine. Dedicated College of Medicine student lounge and medical education space will be provided on the second floor.

Funding for this project will come from the College of Medicine and the various departments.

ESTABLISH PROJECT

FOR APPROVAL

December 9, 2011

PROJECT TITLE: Harborview Parking Garage Barrier and Pedestrian Rail System Replacement

PROJECT NUMBER: To Be Determined

TOTAL ESTIMATED BUDGET: $500,000

SOURCE(S) OF FUNDS: Parking Reserves

JUSTIFICATION: This project involves the replacement of a barrier and rail system throughout the five-story Harborview Parking Garage. A safety issue was discovered after a vehicle crashed into the garage barrier on the second level. The car was not stopped by the barrier, but instead by the structural column. Findings from a study performed by a parking and structural engineering consulting firm, Carl Walker, Inc., recommended replacement of the barrier and pedestrian rail systems.

The new vehicle barrier will consist of tension cables structurally connected at the columns with posts spaced between the columns to limit cable sagging. The existing pedestrian barrier rail height and clear openings are not code compliant. The existing railing will be replaced with a code compliant railing.

Parking reserves will cover the cost of this project.
DESCRIPTION OF LEASE RENEWAL: This lease renewal is for 9,988 square feet of space on the first floor of 30 Bee Street. The occupants of this space are comprised of Student Health, the Counseling and Psychological Services (CAPS) program, College of Dental Medicine department offices and the Department of Radiology’s Center for Biomedical Imaging (CBI) / Center for Advanced Imaging Research (CAIR). The per square foot rate for this renewal is $18.59 (rounded). The monthly rental rate will be $15,472.48 (rounded), resulting in an annual rent amount of $185,669.72.

This building is owned by the MUSC Foundation, and is leased to the University Medical Associates in its entirety. The 9,988 square feet of space is being further subleased to the Medical University of South Carolina.
