

MUSC Terra Dotta OPT STEM User Guide

All F-1 post-completion OPT users must be 'nonintegrated users' in the Terra Dotta system. This means that you cannot use your MUSC NetID credentials to login to Terra Dotta after your I-20 program completion date (even if you are employed at MUSC). You must use your personal email address and a password that you choose to access Terra Dotta.

Upload copy of new EAD card

- Login to your [Terra Dotta portal](#)
- User > My Home > click on OPT STEM Extension record
- Under Questionnaire section, click 'Upload Copy of Employment Authorization Document'
- Upload a color copy of your EAD card (in PDF format) in the questionnaire, then click Submit
- Return to the OPT STEM Extension record main page and click Submit (top of the page)

Verify or update contact information

- Login to your [Terra Dotta portal](#)
- User > My Home > click Edit Profile
- To edit address information: click Address Info button; click pencil icon in Actions column for appropriate address type
 - Make sure that both your US physical address and US mailing address are correct
- To edit phone number or email: click Profile button; update phone number and/or email fields > click Update

Report end of employment

- Login to your [Terra Dotta portal](#)
- User > My Home > click the most recent OPT Employment Verification record for this employment
- Under the Questionnaire section, click 'OPT Employer End Date'
- Enter your last day of employment with this employer
- Upload a copy of the Form I-983 final evaluation for this employer
- Click Submit for the questionnaire portion
- Return to the OPT Employment Verification record main page and click Submit (top of the page)
