Free virtual urgent care provided during Hurricane Dorian

MUSC Health offering online visits at no charge until further notice

CHARLESTON, S.C. (September 2, 2019) – MUSC Health is offering virtual care (online visits) at no charge to all South Carolina residents as we prepare for Hurricane Dorian, as well as during and after the storm. Using the promo code MUSCDORIAN will waive the regular $25 fee for the visit.

MUSC virtual care does not require downloading an app and is a convenient way to receive high quality care from MUSC providers from any laptop or mobile device. The service is simple to use for approximately 80 conditions including sinusitis, pink eye, urinary tract infections, heartburn and flu. Patients answer a few questions about their symptoms, adding photos if needed and the provider will diagnose and give a treatment plan. If the provider needs to see the patient, a video option is also included. Patients can also chat with the provider. If the patient needs a prescription, it will be called in to the pharmacy of their choice for pick-up.

Virtual care visits are not a substitute for emergency situations and are available 24 hours a day, 7 days a week. Get care now with MUSC Virtual Care.

About MUSC Health

As the clinical health system of the Medical University of South Carolina, MUSC Health is dedicated to delivering the highest quality patient care available, while training generations of competent, compassionate health care providers to serve the people of South Carolina and beyond. Comprising some 1,600 beds, more than 100 outreach sites, the MUSC College of Medicine, the physicians’ practice plan, and nearly 275 telehealth locations, MUSC Health owns and operates eight hospitals situated in Charleston, Chester, Florence, Lancaster and Marion counties. In 2019, for the fifth consecutive year, U.S. News & World Report named MUSC Health the number one hospital in South Carolina.
