

Whether you've been with MUSC for 10, 20, 30, 40, or 50 years, we hope that you agree that the MUSC we are today is the best we've ever been.

No matter the challenge, you consistently rise to it, and that does not go unnoticed.

You represent the heart, mind and soul of MUSC; every day your focus on the betterment of others is visible through your commitment to our mission and vision, as well as your outstanding service. It can be easier to say than do, but if we stay focused with a sense of hope and expectancy as we move forward, we will continue to succeed and make a tangible difference locally, nationally and across the world.

Our hearts are full of gratitude for your tireless commitment, achievements and innovative spirit.

THANK YOU, MUSC FAMILY!

**Dr. David J. Cole, M.D., FACS, MUSC President,
and Kathy C. Cole, MUSC First Lady**
