MUSC Tobacco-free Campus - What is the Policy?

- Tobacco product use is prohibited in all buildings, grounds, parking areas, and spaces either leased or owned by the Medical University. The use of tobacco products is prohibited on all streets and sidewalks within the Medical District as defined by the City of Charleston ordinance.
- MUSC also prohibits the use of tobacco products by staff on private properties adjacent to the Medical District without explicit approval from the property owner.
- Individuals should refrain from smoking in areas where smoke is likely to enter private property through entrances, windows, ventilation systems or other means. Individuals are also expected to respect requests to refrain from smoking in particular areas if asked to do so by agents or employees of the University.
- The use of tobacco products while representing MUSC, wearing an MUSC badge, wearing MUSC scrubs or uniforms, or on a paid break is prohibited.
- Applies to all employees (faculty and staff), patients, visitors, students, volunteers, contractors and vendors.
